Cymbria Corp. Announces Continued Success in EdgePoint Wealth Management

April 1, 2009

Cymbria Corp. ("Cymbria") is pleased to announce the following information about its investment in EdgePoint Wealth Management Inc. ("EdgePoint"):

1. Since the launch of the EdgePoint Portfolios on November 17th, 2008, the number of financial advisors who have partnered with EdgePoint grew to 364 by March 31, 2009, a 260% increase from 101 advisors at the end of December 2008.

While we are pleased with the number of new investment partners we have, we do not expect this kind of increase going forward. Our focus is on being a valued partner to a small number of financial advisors, enabling us to deliver superior service.

2. The average investment in EdgePoint Portfolios across these partnerships was approximately \$439,000 per advisor.
3. Since launching its Portfolios on November 17th, 2008, EdgePoint, in its estimation, has signed dealership agreements representing approximately 95% of the financial advisors in Canada to distribute its Portfolios.

In an effort to provide investors with details about its investment in EdgePoint, Cymbria will disclose what it believes to be pertinent information about its investment in EdgePoint on a quarterly basis. The next update will be provided following the end of the second quarter of 2009.
