

## **COMPANY UPDATE**

### **EdgePoint Wealth Management is Pleased to Announce its Continued Success**

April 1, 2009

EdgePoint is excited about its continued progress since the launch of its Portfolios on November 17<sup>th</sup>, 2008. Below is an update as of March 31, 2009:

1. Since the launch of the EdgePoint Portfolios on November 17<sup>th</sup>, 2008, the number of financial advisors who have partnered with EdgePoint grew to 364 by March 31, 2009, a 260% increase from 101 advisors at the end of December 2008.

While we are pleased with the number of new investment partners we have, we do not expect this kind of increase going forward. Our focus is on being a valued partner to a small number of financial advisors enabling us to deliver superior service.

2. The average investment in EdgePoint Portfolios across these partnerships was approximately \$439,000 per advisor.
3. Since launching our Portfolios on November 17<sup>th</sup>, 2008, EdgePoint, in our estimation, has signed dealership agreements representing approximately 95% of the financial advisors in Canada to distribute our Portfolios.

We look forward to building wealth for our investment partners over the long term.
